Memorandum of Understanding

The UNI Alumni Association enters into contractual agreements to offer programs and services that may fulfill a need for our members.

It is a requisite of these contracts that the terms, especially in reference to the financial obligations of the vendor to the UNIAA, are confidential. Sharing this information could place the Association under legal obligation to return all or part of the funds to the vendor as a violation of its agreement/contract.

It is UNIAA policy to ask each Director to acknowledge the sensitivity of contract stipulations by signing a confidentiality statement agreeing to not disclose the proprietary terms and conditions of any contract or agreement with the UNI Alumni Association.

The restrictions herein stated remain in force following expiration of the Director’s term.
